## What is a Long Term Recovery Group?

*The Cumberland County Long Term Recovery Group (CCLTRG) is a coalition of non-profit, faith-based and public service organizations dedicated to helping residents of Cumberland County recover from disasters, notably Hurricane Sandy.*

## What is the mission of CCLTRG?

*The mission of the Cumberland County Long Term Recovery Group is to provide recovery and resiliency services to individuals and families affected by Hurricane Sandy and/or a crisis or disaster, manmade or natural, in Cumberland County and to work towards resiliency and mitigation for future disasters.*

## What is the goal of CCLTRG?

*The CCLTRG will strive to address the unmet needs of those without resources to rebuild their homes and lives, especially the frail elderly, children, those with handicaps, and those individuals or families who are economically disadvantaged*

*Areas of the Delaware Bay Shore, as well as many other areas of the county, were devastated by Hurricane Sandy.*

*Thanks to the efforts of volunteers, community leaders, and the determination and spirit of local residents, much has been done to recover homes and communities ravaged by the storm.*

*Nine months later, and despite the tireless efforts of those involved in the recovery effort, much work remains to be done.*
